Dear Sirs:

Hereby I confirm the following:

1. Sovcombank PJSC has only five individuals with total funds exceeding \$10 million each deposited with Sovcombank. All these individuals are owners of private businesses/entrepreneurs with a track record in private business. There are no PEPs or SDN among them. There are no individuals where one can suspect (based on all KYC and public data available) they are not actual/beneficial owners of the assets.
2. We have fifteen corporate clients with accounts balance exceeding \$100 million each. Within this list there are no corporate clients who are
 - a. SDNs or controlled by SDNs or PEPs;
 - b. SPVs with no operational activities;
 - c. Companies where one can suspect (based on all KYC and public data available) that their direct or indirect shareholders are not actual/beneficial owners of the assets.

I would be happy to answer all your follow up questions.

Best regards,

Andrei Osnos
